Efni: Umsögn um frumvarp til laga um breytingu á almennum hegningarlögum (bann við umskurði drengja), 148. löggjafarþing, 114. mál.

Cutting the genitals of all non-consenting infants and children is a human atrocity that must end if we are ever to hope for a sane world. Iceland is to be commended for taking a stand against this inhumane assault on innocent children. Please vote that this legislation opposing cruelty is ended in your country. You are leading the way to healing humanity.
