Umsögn um 19. mál: Stofnun ráðgjafarstofu innflytjenda

To whom it may concern,

My Name is Irene Morera. I have been living in Iceland since 2012 when I moved from London. During the years I have spent here i have suffered myself discrimination and see many friends leaving this country for similar reasons. Iceland is a beautiful country but it needs to be more open in a globalised world.

Therefore, I definitely think that the creation of a office for information open to immigrants is long time due, as it will play an important role in transforming Iceland into a more inclusive society. A society where everybody will have the same opportunities regarding employment, and a fairer treatment at work.

Looking forward to hearing news about the crystallisation of such a proposal.

Kind regards
Irene Morera
