

I support the bill to end whaling in the country!

It is not possible to maintain animal welfare and kill large whales • Whales are important to the marine ecosystem • Whaling is not part of the Icelandic cultural heritage • Whaling in Iceland is now a vanity project for a single wealthy man • The majority of the Icelandic public do not support whaling continuing • Whaling has a negative impact on the economy

I work in travel and cannot possibly ethically return to the country or promote tourism until the whaling has ceased.

Thank you,

Hayley Garner
