

I am Erik Ögren.

I support this anti-whaling bill, as I believe that :

It is not possible to pretend maintaining animal welfare and to kill whales at the same time.

Whales are an important part of the marine ecosystem.

Whaling is not part of the Icelandic cultural heritage, whaling in Iceland is now a vanity project for a single wealthy man.

The majority of the Icelandic public do not support whaling continuing, and will not eat whale meat.

Whaling has a negative impact on the economy, and gives a catastrophic image of Iceland worldwide !

Stop the whaling now !
