

To members of Icelandic parliament,

19 October 2023

- It is not possible to maintain animal welfare and kill large whales
- Whales are important to the marine ecosystem
- Whaling is not part of the Icelandic cultural heritage
- Whaling in Iceland is now a vanity project for a single wealthy man
- The majority of the Icelandic public do not support whaling continuing
- Whaling has a negative impact on the economy

As a country you should be ashamed killing these animals.

Yours faithfully,

H. Weidema
