As a proud ocean activist, I stand with unwavering support for the ban on whaling and the protection of whales in Iceland and worldwide.

Whales are majestic, intelligent creatures that play a vital role in maintaining the delicate balance of our oceans. Their well-being is intrinsically linked to the health of our planet. Our responsibility is to protect these remarkable animals and their ecosystems.

Iceland, with its breathtaking landscapes and abundant marine life, has a unique opportunity to set an example for the world. By choosing the path of conservation and responsible environmental stewardship, we can ensure a future where whales continue to thrive and are respected for generations.

Mahalo for your consideration.
