

Ég skila hér með inn undirskriftalista um bann á blóðmerahaldi ásamt athugasemdum.

Ég mótmæli harðlega og leggst alfarið á móti því dýraníði sem á sér stað við blóðmerahald. Þetta er siðlaust og stangast algjörlega á við okkar dýraverndarlög þar sem segir meðal annars að markmið laganna sé að stuðla að velferð dýra og að dýr séu skyni gæddar verur sem eigi að geta sýnt sitt eðlilega atferli eins og frekast sé unnt, að þau séu laus við vanlíðan, ótta þjáningu og sársauka, sem blóðmerahaldið augljóslega veldur. Ef út í það er farið er þetta þrefalt dýraníð, það er blóðtakan sjálf á merunum, folöldunum sem þær bera og svo svínanna sem dælt er í þessu hormóni PMSG til að auka frjósemi þeirra.

Þetta er landi og þjóð til háborinnar skammar og hefur verið fordæmt á heimsvísu og nú síðast af Evrópusambandinu. Íslenski hesturinn er heimsfrægur og er eitt af okkar þjóðarstolti og er gríðarlega eftirsóttur á erlendri grundu. Að það sé ekki borin meiri virðing fyrir honum en þetta er óásættanlegt.

Það kann vel vera að hlutverk Umhverfisstofnunarinnar sé ekki að gæta að dýravelferð en það hlýtur að vera ykkar skylda að veita ekki leyfi fyrir starfsemi sem ýtir augljóslega undir illa meðferð á dýrum og sem er klárt lögbrot og dýraníð.

Mér til stuðnings eru yfir 5500 einstaklingar sem hafa skrifað undir undirskriftalistann um bann á blóðmerahaldi (og eru enn að hrannast inn) og skilið eftir athugasemdir sem þið getið lesið yfir.

Við köllum eftir því að:

Umhverfisstofnun hafni umsókn Ísteka um endurnýjað starfsleyfi!

Stjórnvöld grípi til aðgerða strax og banni blóðmerahald!

Með Kveðju,
Þórhildur Rut Sigurðardóttir
